April 7, 2010

Dear Colleagues, Partners, and Friends:

I wanted to take a moment to let you know that I am leaving my position at the Benton Soil and Water Conservation District effective April 21. I will be starting a new position at Emmons & Olivier Resources, Inc. located in Oakdale on April 26. I wanted to take this opportunity to bid you all farewell.

My experiences during my tenure at the District have been very rewarding and I appreciate having had the opportunity to work with all of you. I cannot express the gratitude I have for the support, guidance, and encouragement you have given me throughout the years. Thank you!

In my position as Water Plan Technician, I have gained considerable knowledge and thus I shall always cherish this, as one of the most satisfying phases in my career. With many of you, I have shared a unique camaraderie which I hope will continue in the years to come even though I shall not be here with the Benton SWCD. I now look forward to this new position that brings forth new challenges and adds more diverse experience to my career.

I do want to keep in contact with you all! I can send out my new contact information as soon as I get settled in at EOR. I wish each one of you, the very best in all your future endeavors, both professional and personal.

Sincerely,

Annie Felix
Water Plan Technician
